MEMBERSHIP MEETINGS

Stronger Together

CUPE, SEIU- West and SGEU Health Providers are formalizing their commitment to working together.

In April, CUPE Members committed to a Bargaining Association and movement to one Collective Agreement for all Healthcare providers when the tentative agreement was ratified. At the 2019 AGM, Members endorsed the Bargaining Association with a motion to move forward to develop a Bargaining Association with the Saskatchewan Government Employees Union (SGEU Health Providers) and Service Employees International Union (West) (SEIU – West) to be ratified by the CUPE Local 5430 Membership.

In September, we are holding Membership meetings in each region to share information about the Bargaining Association, answer questions and have the Association approved by the Membership.
